SUBJECT: Delinquent Inspection Reports

1. Attached is a listing of contracts with completion dates greater than sixty days for which a final inspection report is needed. If the work is not complete, an interim inspection report should be submitted stating what action needs to be taken to complete the work and/or whether the contract should be extended. Please submit your report by 23 April 1987.

2. Due to the continuing turnover of COTRs and organizational changes, we would appreciate it if, whenever any changes in contract responsibilities occur within your group, that you would contact me as soon as possible.
